

Tabourie Memories: Many Happy Summers

Judy Pearce

I have been coming to Lake Tabourie since 1948 (over 60 years now). Originally, we rented cottages, now demolished, along the Lake near the BBQ and tables. We bought our house, No 26 Centre Street, from Mr Rushforth in about 1957. My family came from Goulburn and so we knew a lot of the families that had houses along the Lake.

We have spent many happy summers with family and friends and have had most Christmas times by the Lake. While Lake Tabourie has grown since our early years, the area along the Lake has a very similar feel today. We have explored the beaches around about but feel that nothing really can beat our own.
